# What Can I Expect At My Appointment?

Your appointment will last about one hour. You will walk through the warehouse with shopping volunteers to select your items. Virtual appointments are also available using Facetime or Google Meets.

What you receive depends on what is available on the day you shop and the number of people in your household. Selection varies from day to day based on donated inventory received from the community.

Bridging ensures that all items are in good condition. Items are donated and primarily in gently used condition.
