

CLEANING KIT PROJECT

Thank you for joining Bridging in our mission to provide basic home essentials to more than 5,000 households each year.

A **cleaning kit project** is a terrific way for you to make an immediate impact at Bridging! We need 120 kits each week to meet the need.

Think about all the items you need to clean your home. Imagine not having those items at the ready! A brand-new cleaning kit will surely bring a smile to someone's face as they set up their new home.

Bridging empowers people to thrive in their homes by providing quality furniture and household goods for those pursuing housing stability.
